

California OES Weather Threat Briefing

Friday, July 3, 2020
9:00 AM PDT

- **Day 1 (Friday):** Beach hazards are expected along much of the CA coast Friday through Sunday, including minor coastal erosion/beach flooding.

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

07/03/20 - 07/09/20

Friday-Thursday

- Significant beach hazards are expected along much of the California coast Friday through Sunday, including dangerous rip currents, sneaker waves, high surf, and minor coastal erosion/beach flooding
- Low to moderate heat impacts could develop across Southern Region over the holiday weekend and into early next week
- Dry conditions will generally prevail, and could lead to elevated fire weather concerns when combined with occasionally breezy conditions over the weekend into early next week, especially in the deserts of Southern California
 - Other locations that could see gusty winds at times include:
 - The Bay Area hills on Saturday evening
 - The Kern County desert and mountains over the weekend
 - The Santa Ynez Range and I-5 Corridor in Southern CA Saturday night and Sunday night
 - Lake County and eastern Mendocino County Saturday and Sunday
